The history of Hollywood

1 Hollywood is full of movie studios and theaters and it's where all the most important stars live. Millions of tourists go to Hollywood every year, over 5,000 every day. They visit movie studios and hope to see their favourite star somewhere on the streets. But how did  
5 Hollywood become so famous? About a hundred years ago the USA became richer and richer. People had more money than ever before and wanted to spend it in their free time. Going to the movies became almost everyone's favorite hobby! In the 1920s movies were still silent, but after 1927 there were more and more movies with sound. A lot of movie studios moved to Hollywood because of the dry, warm weather, which made it easier to  
10 film outdoors. The Hollywood sign was built in 1923. It was actually an ad for the houses which were built in the Hollywood Hills. Today it is one of the most famous sights in the USA.

## New ice-cream maker

Making your own ice cream is easier than you think. You can use anything you like - fresh fruit, chocolate or nuts. You can also try something new and make ice cream that isn't sweet. Try ice cream with tomato, salt and pepper or ham and cheese.

Your friends will love it!

## Ziel 5: I can pass on information about child labour.

## Children working on construction site

Police are interviewing the owner of a construction site in downtown Los Angeles after several people reported that they saw children working at the site. Someone even sent a video to the police, filmed in secret on a cell phone. It shows 12-year-old children who are working on the construction site, carrying heavy boxes, lifting material and even driving a truck.

Our reporter talked to the owner of the construction site. He said, "The children didn't get any money. Their parents work on the construction site and the children just wanted to join them. I didn't do anything wrong."

According to the law children under 14 aren't allowed to work on a construction site because the work is too dangerous and it doesn't matter if they get paid or not.
