

Let's discover TTS!

Would you like to learn more about TTS? Here's what different students say about their school.

“What do I like about TTS? It's great that people have very different backgrounds – so you can always learn a lot from others. Students and teachers here speak more than 30 different languages!”

What different languages do you speak in your class?

“I love our modern school building! My favourite place is the library. We can borrow books or work with lots of books and computers. There's always someone to help when we have questions or can't find a book. We can work in groups, but there are also quiet areas for reading. The library is open every day and we can go there before or after lessons.”

What's your favourite place at your school?

“I'm in year 7 and it's my first year at TTS. In Britain, we go to primary school for six years and then move on to secondary school. A school year has got three terms and we've got about 13 weeks of holidays. For exams, the best mark is 'A' (excellent) and the worst one is 'F' (fail).”

What's different where you go to school?

library ['laɪbrɪ] Bibliothek to borrow ['bɒrɒʊ] (sich) ausleihen area ['eəriə] hier: Bereich secondary school ['sekndri ʃku:l] weiterführende Schule term [tɜ:m] Trimester mark [mɑ:k] Note

“Our school is named after Thomas Tallis, a famous English composer. People still love his music from the 16th century!”

Where does the name of your school come from?

“I’m in the TTS Debating Club. We learn how to develop and present arguments. It’s cool to talk about interesting things like animal rights or the pros and cons of modern technology. Here you can improve your speaking skills. I’m always nervous before competitions, but they are so much fun!”
