

6 Go on a tour around the British Isles.

121/8

Play the game with a partner or in a group.
This is what you need:

Throw the dice and go forward. Read the question and answer it. When your answer is wrong, you must go to the lighthouse. When you are at the lighthouse, you need a six to go back to START again. When you don't know if the answer is right, try to find it in your book. You can find all the information in the culture boxes in units 1 to 6. You can find the right answers online too.

on the left side

9 What side of the road do people ride bikes on in Britain?
