## 4: Greenwich sights

### Unit 3, Station 1, page 42

Announcer            Unit three. Greenwich sights.

Lisa                    Hello! My name is Lisa. I'm from Greenwich.

Greenwich is an old town and it is in London. You can see a lot of interesting sights in one day. You can come here on the Thames from London and see the sights from the river.

In the morning you can visit the museum in Greenwich Park. It's a really interesting museum with lots of old clocks. You can see the famous 24-hour clock there. It's as famous as the clocks of Big Ben.

We also have a very special museum and it's not in a building, it's on a ship – it's on the Cutty Sark! And it really is a beautiful old ship. About a hundred and twenty years ago it was the fastest ship in the world.

At lunchtime you can have a picnic in the park. Greenwich Park is a big park, but lots of other parks in London are bigger.

In the afternoon you can go shopping at the Clocktower market. It's great and it's not very expensive. There is a big clock tower but Big Ben is older and more famous. Then you can go back to London by train because it's faster than the boat trip.

When would you like to come to Greenwich?

- Alex                    It's delicious.
- Nick                    Do you always eat it with meat?

## 8: The Oxford and Cambridge boat race

### Unit 5, Class test, page 83

Announcer            Unit five. The Oxford and Cambridge boat race.  
Reporter             Hello and welcome! My name is Jim and I'm at the Oxford and Cambridge boat race today. I'm standing next to the river Thames here in London, and it's very exciting! It's a sunny day and a lot of people are sitting next to the river. They're waiting for the boats. Some people are eating and drinking. Others are surfing the internet on their mobile phones. They want to see where the boats are. Children are playing games and everyone is happy.

The boat race is a very big day for Oxford and Cambridge. The two teams have a lot of practice before the race. The first boat race was in 1829 and it happens every year in March or April.

Oh, they're coming now! The men are working very hard. They all want to win! Oxford are winning ... No, now Cambridge are winning ... Now it's Oxford again ... Oxford have won! How exciting! The men are laughing and waving. What a fantastic race! People are hanging around, of course, because they want to see the winners. Some people are taking photos, but the two teams look very, very tired!

Well, that's it for today. Well done Oxford and goodbye from London!
