

### Activity 3: Internet research – working with films

- 1  In pairs, think about what makes a good film. What different elements are necessary?
- 2 Now think about the story or screenplay – what elements are necessary to engage the audience? Note down your ideas and compare them in class.
- 3 Search online for tips on one of the following:
  - What makes a good short film?
  - What are the ingredients of a good film script?
  - What makes a good film director?
  - How to cast a film
  - How to make a film storyboard
  - How to shoot a film
  - How to edit a film

Share your findings with the rest of the class: You might like to present your findings in the form of videos, visuals or a presentation with the ideas you have collected. It's up to you to find the best way possible. Using all of the information you have gathered, put together a portfolio of ideas.
